HOUSE WAS IN SESSION

Pension Appropriation Bill Reported Will Come Up Monday.

AGGREGATE LESS THAN LAST YEAR.

Hopkins Bill to Create a Permanent Census Bureau Discussed—Analysis of Hepburn's Canal Measure. News From Nation's Capital.

Washington, Jan. 10.—At the opening of the session of the house Friday Mr. Barney (Wis.), from the committee on appropriations reported the pension bill and gave notice that he would call it up Monday after the disposal of District of Columbia business. The pension appropriation bill as reported to the house carries \$139,842,230, the exact amount of the estimates, as against \$145,245,230 appropriated last year.

On motion of Mr. Hopkins (Ills.) the house then went into committee of the whole and took up the consideration of the bill to create a permanent census office. Mr. Hopkins in support of the bill explained that the subject of establishing a permanent bureau had been agitated many years. General Francis A. Walker, superintendent of the ninth and tenth censuses and Mr. Porter, superintendent of the 11th census, as well as the present director, united in strongly recommending it on the ground that it would not only decrease the cost but would increase the value of the results.

In reply to questions, Mr. Hopkins said 3,480 clerks had been employed in the bureau, 2,700 being still employed. If the pending bill passed, he said, the force would be reduced this year to 800, next year to 750, in 1905 to 240, and thereafter until 1910 to 200. He was besieged by members who wanted to know the status of the present clerks in the event of the passage of the bill. He said that if the bill passed it was hoped other departments would absorb the present temporary clerks. They could then be placed under the protection of the civil service and transferred to other departments. If that bill were promptly passed the temporary clerks by executive order could be made eligible for transfer.

Several members, among them Mr. Mann (Ills.) and Mr. Corliss (Mich.) suggested that the bill be amended to provide that the clerks be eligible for transfer.

Mr. Grosvenor (O.) asked if it would not be wise to authorize the president to extend the civil service law over the surplus clerks. Mr. Hopkins replied that the subject had been canvassed by the house and senate committees and it was thought such action would not be expedient.

Mr. Burkett (Neb.) opposed the bill, contending that it was improper and inopportune and asserting that the course of the debate demonstrated that the proposed legislation had not been well matured. He declared that the only persons who had agitated the subject of a permanent census had been the superintendents of past censuses and others directly interested.

Mr. Crumpacker (Ind.) favored the passage of the bill which, he argued, would be the first step toward putting the census upon a scientific and logical basis.

Mr. Maddox (Ga.) opposed in toto the plan of permanent census bureau.

Mr. Heminway (Ind.) also opposed the bill. Mr. Sims (Tenn.) said he would propose an amendment to place the employees of the office under the civil service law. Mr. Bingham (Pa.) supported the bill.

After some further discussion by Mr. Gillet (Mass.), Mr. Fleming (Ga.), Mr. Sulzer (N. Y.) and Mr. Williams (Ills.), Mr. Hopkins closed the general debate with an earnest plea in favor of the passage of the bill.

Hepburn Canal Bill.

The Hepburn canal bill as passed by the house authorizes the president to secure from the states of Costa Rica and Nicaragua, in behalf of the United States, control of such a portion of the territory belonging to said states as may be desirable and necessary to which to excavate, construct and prospect a canal suitable to the wants of modern navigation and commerce, and appropriate the sum necessary to secure control of said territory. The president is authorized, after securing control of the needed territory, to direct secretary of war to construct such canal from the Caribbean sea at a point near Greytown, in Nicaragua, by way of Lake Nicaragua, to a point on the Pacific ocean near Brito, and also to construct proper harbors at the termini of said canal and to make necessary provisions for defense of canal and harbors. Sections 3 and 4 authorize the president to make such surveys as may be necessary and to employ such persons in constructing the canal as may to him seem wise, and directs that in the

construction of the canal the river San Juan and Lake Nicaragua shall be used as far as they are available. Section 5 authorizes the president to guarantee to the states of Costa Rica and Nicaragua the use of the canal and harbors, upon terms to be agreed upon, for vessels owned by said states and citizens thereof. The last section appropriates \$10,000,000 to carry on this work, and authorizes the secretary of war to enter into proper contracts for material and work as may be deemed necessary therefor, such work and material to be paid for as appropriations may be made from time to time. The section fixes the aggregate cost at \$180,000,000, to be drawn from the treasury on warrants of the president. The bill passed by a vote of 308 yeas to 2 nays, Mr. Fletcher (Rep. Minn.) and Mr. Lassiter (Dem. Va.) voting nay. The opposition to committing the government to the Nicaragua route attempted to secure amendments to lodge with the president the discretionary power to purchase and complete the Panama canal if it could be purchased for \$40,000,000. The test came on the first vote, when the advocates of an alternative route polled 102 against 170 votes. At each succeeding vote their strength dwindled until Mr. Cannon of Illinois, under whose leadership the fight was made, was unable to get the ayes and noes on a motion to recommit. All other amendments failed and the bill passed exactly as it came from the committee. None of the votes except that on final passage was a record vote.

Root on the Philippines.

Washington, Jan. 10.—Secretary Root before the house committee on military affairs stated that it is his opinion the army is necessary as a moral force to maintain civil government in the Philippines. He said one reason why there has not been more progress is that the Spooner amendment passed last year by congress restricting the granting of franchises had prevented the investment of capital and consequent employment of labor. He also said many people were idle and many of these became conspirators simply because they were idle. In many branches of industries the wheels were not moving, people out of employment, were encouraged in viciousness, and as a result it is necessary to keep 40,000 troops in the islands. He believed if congress would pass the Lodge bill providing laws for the islands it would be possible thereafter to reduce the military force in the Philippines. He did not believe it would mean a more rapid or complete termination of military rule, as conditions among the natives were firmly fixed and it would take considerable time to bring about the new order of affairs. Mr. Root said better progress had been made in the last year than expected, and expressed the opinion that civilization ultimately would be extended to the people of the islands. He also said the war department expects to do away with the transport service and leave the transportation of troops to private concerns.

Knox Examining Schley Case.

Washington, Jan. 10.—Rear Admiral Schley's case is being considered by Attorney General Knox for the purpose of discovering whether there were irregularities in the court of inquiry. It is understood that at the recent conference between the president and Rear Admiral Schley the latter pointed out some alleged violations of law regarding the court, and these matters have been deemed worthy of examination. The attorney general is not to pass upon the merits of the case, but will deal solely with the legal phases of the case. If the attorney general decides that there were irregularities, as claimed by Admiral Schley, the verdict of the court would be vitiated. It is understood that Admiral Schley's future course concerning a formal appeal in writing to the president, depends largely on the attorney general's findings.

Schley Resolutions and Bills.

Washington, Jan. 10.—When the house committee on naval affairs met for organization, Representative Rixey of Virginia proposed that the various measures relating to Admiral Schley be considered by the committee as a whole, instead of awaiting the consideration of a subcommittee. The sentiment of the committee was against the proposition and it was determined to allow these measures to take the usual course. There are 20 resolutions and bills bearing on the Schley case and they will be in charge of the regular subcommittee on organization, rank and pay, consisting of Watson, Dayton, Souris, Tayler, Mayer, Cummings and Wheeler.

Washington, Jan. 10.—Secretary Gage has received a telegram from Governor Shaw stating that he cannot arrange his affairs so as to take charge of the treasury department at the time set and asking Mr. Gage to remain until Feb. 1. Secretary Gage has consented to do so.

REVOLT IN PARAGUAY.

Difficulty Caused by Dispute Over Presidential Succession.

PRESIDENT ACEVAL HAS RESIGNED.

Congress Accepted His Resignation and Placed Vice President Carvallo In Charge—Great Excitement Prevails at the Capital.

Buenos Ayres, Jan. 10.—Rumors circulated here of a revolution in the republic of Paraguay turn out to be well founded. The revolt which broke out at Asuncion, the capital, was caused by the question of presidential succession, the term of President Aceval expiring next November. The revolutionary junta was composed of General Caballero, General Escobar, Colonel J. A. Escurra, the minister of war, Senor Merro, a cabinet minister and Señor Freitas.

President Aceval resigned the presidency and congress accepted his resignation. A collision occurred in the chamber of deputies during which Senor Escobar Insenfran, president of the hygienic council, was killed and General Caballero, Senors Miguel and Corbalan, and deputy Fernando Carreras were severely wounded.

The congress of Paraguay has placed the reins of government in the hands of the vice president, Senor Hector Carvallo. Great excitement prevails at Asuncion.

Chicago's Schley Program.

Chicago, Jan. 10.—At a meeting of the Hamilton club, details of the entertainment of Admiral Schley during his visit to Chicago Jan. 26, 27 were worked out. There will be a banquet the night of Jan. 25 and a public reception the afternoon of Jan. 27. Sunday the admiral will attend church and give up the remainder of the day to rest. A committee will meet the admiral on the train and escort him into the city. At the Auditorium annex he will occupy what is known as the presidential suite. Monday morning the admiral will visit the Winfield Scott school and meet the school children and members of the board of education. The public reception which follows this visit will be held in the parlors of the Auditorium. A magnificent souvenir of the banquet will be placed at each plate. It will be a bas relief showing the admiral's head and shoulders on a background of the United States flag. It will be inscribed "Follow the Flag."

McCreary For Senator.

Frankfort, Ky., Jan. 10.—James B. McCreary has at last come within sight of realizing his ambition to sit in the United States senate. The Democratic caucus to choose a candidate for senator nominated him by a vote of 62 to 37 for Judge James E. Cantrill, who has presided at several of the trials of alleged murderers of Governor Goebel. Congressman Wheeler and David K. Smith withdrew from the contest. Mr. McCreary served in the Confederate army, was a member of the state legislature from Madison county, elected governor in 1873, was elected to the Forty-ninth, Fifty-first, Fifty-second, Fifty-third and Fifty-fourth congresses, and was appointed by the president in 1892, one of five commissioners to represent the United States in the international conference in which he distinguished himself as an advocate of bimetallism.

Oppose Chinese Exclusion.

New York, Jan. 10.—Cotton goods manufacturers are much concerned over the renewed agitation looking to the continued exclusion of Chinese, notwithstanding that the treaty with China does not expire until 1904. They regard such agitation as a direct menace to the otherwise favorable prospect for a large increase in their business with China and as being altogether ill-advised. Concerted effort is to be made to present to Washington what is claimed to be the injustice of present agitation and of the proposed action of continued exclusion.

Died in His Wife's Embrace.

Lexington, Ky., Jan. 10.—Alexander McClintock, 68, father of U. D. McClintock, dean of Chicago university, called his wife to his side Friday morning at 10 o'clock and laying his head on her shoulder died without uttering a word. He had complained of heart trouble but no attention was paid to it. Friday was the anniversary of his birth.

Mississippi Senate on Schley.

Jackson, Miss., Jan. 10.—The state senate adopted a joint resolution endorsing the decision of Admiral Dewey in the Schley court of inquiry and declaring that no text books should be used in the public schools of this state "that give to any other officer than Admiral Schley credit for the victory of Santiago." The resolution goes to the house for concurrence.

CHINESE BANKS.

Scheme of a Cossack to Gain 'Fluence With Coolies in America.

New York, Jan. 10.—Chinese merchants of this city are much interested in the news which comes from Vancouver, B. C., that Chinese reformers are about to establish banks in the Chinatown districts of several cities in the United States.

Huang Yu Wei, the reformer, who visited the Pacific coast two years ago, is said to be in possession of considerable funds. He has always desired to gain some hold over the Chinese in America, many of whom lean toward the reform party and it is said he believes a chain of banks will give him much influence. The headquarters of the banking system, according to reports, will be at Hongkong, where there is a large Chinese population.

There is no regular Chinese banking house in this city, though there are many Chinese here who are said to have large bank accounts.

"Lord Beresford" Captured.

Boston, Jan. 10.—The police here captured Sydney Lascelles, said to be known to the police of three continents as Lord Walter Beresford. He is held on request of authorities of Hot Springs, Ark. When arrested he gave the name of Robert Leonard, but when shown his photograph from the police gallery admitted he was Lascelles. He has been known under many aliases besides Lord Beresford, some of them being Sir Harry Vane, R. N., and Lord Courtney, Claude B. Lascelles and James B. Lascelle. The charge against him in Hot Springs is to be larceny in 1891 of \$1600 from Lyman H. Hay, proprietor of the Arlington hotel. It is said that Lascelles, as Lord Beresford, eloped from Algiers with the daughter of an American millionaire, who after learning of the man's character secured a divorce. He has served terms in New York and Georgia for swindling and forgery. It is said he is now the husband of a wealthy young woman of Providence.

Panama Canal Offer.

Washington, Jan. 10.—Admiral Walker, chairman of the Isthmian canal commission received a cablegram from officers of the Panama Canal company in Paris, making a formal offer to sell all their property in connection with the Panama canal to the United States for \$40,000,000. M. Lampre, secretary general of the company who is in Washington, stated that the cablegram was explicit and covered all the property owned by his company in Panama and that a copy of the cablegram had been filed with the American ambassador in Paris. Admiral Walker said he would call the members of the Isthmian canal commission together as soon as possible and lay the matter before them when a report will be made to the president through the secretary of state.

Wire Nail Pool Proposed.

Pittsburg, Jan. 10.—Arrangements have been made for a meeting of the principal companies manufacturing wire and wire nails in this city next Tuesday at which it is probable that an arbitrary price association will be formed for the purpose of controlling the prices of wire and wire nails. The association if formed will be similar to the steel rail and steel plate pools. It will include about a dozen concerns, the largest of which it is expected will be the American Steel and Wire company of the United States Steel corporation.

French Minister Paled.

Peking, Jan. 19.—The French minister, M. Beau, refuses to present his credentials until China fulfills certain demands of the French government. The joint audience of the foreign and Chinese ministers which had been arranged was postponed because of M. Beau's action. His colleagues are discussing whether to support him or not. A repetition of the Turkish incident is considered possible.

FOREST CITY FAILURE

Euclid Avenue Banking Corporation Has Closed Its Doors.

UNABLE TO MEET ITS OBLIGATIONS.

Heavy Withdrawals During Past Month Caused the Embarrassment. An Assignee Appointed—Henry Everett One of the Directors.

Cleveland, Jan. 10.—The Euclid Avenue Trust and Savings company, at 84 and 86 Euclid avenue, made an assignment to Frank H. Ginn, an attorney, whose bond was fixed at \$250,000.

Subsequently Mr. Ginn made the following written statement: The directors of the bank decided to make an assignment for the benefit of all the creditors for the reason that the bank has been unable to realize upon its assets rapidly enough to meet the unusual demands which have been made upon it recently. The directors state that no depositor and no customer of the bank will lose a dollar and that the bank is solvent and that its present embarrassment arises from the fact that its patrons have been unable to meet their obligations to the bank with sufficient rapidity to take care of the unusual withdrawals. The bank has liquidated during the past three months from about \$1,200,000 to \$1,400,000 deposits and the assignee will merely continue the liquidation under the orders of the court.

According to the last published statement of the bank, issued Oct. 1, 1901, the capital stock paid in amounted to \$500,000; total resources \$2,964,002; individual deposits \$2,191,773; surplus funds \$65,000. The president of the bank is H. C. Brauer, and C. H. Stewart is secretary and treasurer.

A branch of the institution at No. 2800 Euclid avenue was closed simultaneously with the down town bank.

Henry A. Everett of the Everett-Moore syndicate is named as a director or of the company.

It is stated that the bank carried about \$120,000 in the securities of the Detroit and Toledo line which recently passed into the hands of receivers. As a result of the financial embarrassment of the Everett-Moore syndicate it was understood the bank found it impossible to realize upon these securities.

"UNCLE TOM'S CABIN."

Daughters of Confederacy Object to Production of the Drama.

Lexington, Ky., Jan. 10.—Lexington chapter, United Daughters of Confederacy, sent a written petition to Charles B. Scott, manager of the Lexington opera house asking that "Uncle Tom's Cabin" never be presented again at the opera house.

The reasons given are that the best citizens and old families living in and about Lexington were once slave owners as a heritage not of their own choosing; that the incidents of Uncle Tom's Cabin are not typical of slave life in the south, but of isolated cases; that the production of the drama and its being advertised with bloodhounds and pictures of an old negro in chains and a slave owner with whip in hand, give a false idea of the history of the times to the children of the city and is disrespectful to southern men and good citizens and their families living in this part of the country.

The petition is signed by four of the most prominent women of the chapter and is endorsed unanimously by the members. It has created a sensation.

Malting Company Fails.

Chicago, Jan. 10.—The P. H. Rice Malting company, operating one of the largest plants in the world at Cragin, near here, was placed in the hands of the Equitable Trust company as receiver. Liabilities estimated at \$100,000 assets at \$375,000. P. H. The healthy old man wears his gray hairs like a silver crown. What if he be three score and ten if there is still fire in his eye, firmness in his step, command in his voice and wisdom in his counsel? He commands love and reverence. Yet how few wear the mantle of age with dignity. Dim eyed, querulous of speech, halting in step, childish in mind, they "lag superstitious on the stage," dragging out the fag end of life in a simple existence. The secret of a healthy old age is a healthy middle age. The man who takes care of his stomach, who keeps his body properly nourished, will find that the body does not fail him in old age. The great value of Dr. Pierce's Golden Medical Discovery lies in the preservation of the working power of the stomach and other organs of digestion and nutrition. From this center is distributed the nourishment of the whole body, the salt for the blood, the lime for the bones, phosphorus for the brain and nerves. A sound stomach means a sound man. A man who keeps his stomach sound by the use of "Golden Medical Discovery" will wear the crown of gray hairs as befits a monarch, with dignity and ease.

"ME AN' ROCKWOOD."

CHARLES RICHARD VAWTER.

Once I went to see Chicago,
Cause I'd heard it was so great,
An' it was when I got there,
The place had the tallest state.
There I seen the highest houses,
Ever on the earth was made,—
Give a nickel on the street car,
Cent a glass for lemonade.
Everything was fine 'n' starchy,
Everybody on the go,
Nuthin' but the hull caboodle
Ever thought of goin' slow.
'Nen I went to New York City,—
Gee, but it was mighty fine!
Never seen in that fine place, hnt
All the people call it d'nt.
Didn't think they was so many
People on this mundane spear;
Some say bigger'n Chicago,
I don't know an', I don't keer.
D'lke to tell you all about it,
But I s'pose you've seen it, too,
So I'll tell you of the other
Scenes and things I've wan'd thro,
We're now in California,
Where the orange trees grow,
Knock the bottom out of any
Thing you ever seen I know.
An' I seen the mighty Rockies,
A' the Park called Yaller-Stone,
It's enough to make one happy,
Leavin' all the rest alone.
'Nen to Mexico I wandered,
Back agin to New Orleans,
Up the Mississippi,
Seein' all the scenes.
Mark I went to Old Kentucky,
Where I've borned so long ago,
Where I used to worm thacker,
And with yim (?) I-hook the hoe.
'Gen I was the movin' fever,
Travelin' sultry to a 'T'
Took the Queen and Crescent lightnin'
Come down south to Tennessee,
An' y'ing when I saw Rockwood,
'N all the things the birds do dear,
Thinking of the birds Chero-
Guess I'll stop and anchor here,
Ben here now good while I seek'n
Spect to stay here yet a spell,
Like the girls an' like the people
Like the hull town mortl well.
Mexico and New York City,
They are fine but jest hear me,
If you want to see the finest,
Come to Rockwood, Tennessee.

PITHY POINTS.

About every man who affects to believe that Powers is innocent claims also that Schley was derelict at Santiago.

It isn't every Sunday school that would feel honored at having turned out such scholars as Powers and Jim Howard.

It seems to be the delectable game in certain quarters to break down the character of Schley and furnish character to the Powers and Howard gang.

It's ver, evident that Powers and that gang didn't carry their Sunday school training into the matter of training for the assassination of Governor Goebel.

Were Powers and Howard innocent no one could be so good a witness for them as Taylor. Why doesn't he come out of his self-inflicted exile and testify for them?

The idea was to shoot Goebel to death on the spot; then, as he could have had no successor, Taylor would have everything his own way and pardon all the guilty ones.

What's the matter about getting up a subscription for Howard? Or is it that Jim is neglected on account of not having had the early Sunday school advantages that Caleb enjoyed?

Howard It is that that whole gang couldn't have landed on Hootier soil with their leader, and then prosecutions would have counted for naught, and no subscriptions would have had to have been asked of the faithful.
